ARIZONA WEEKLY NEWS BUDGET.

What Has Happened in the Territory Since Our Last Issue.

ALL KINDS OF INFORMATION.

New Business Enterprises—Good Year for the Man With the Hoe, and the Owner of Live Stock—Everybody Except the Editor Expects to Have Money to Burn.

There are said to be twenty-five cases of modified smallpox at Solomonville.

There are six cases of smallpox in Thatcher, and all public gatherings have been dispensed with.

The machinery for the beet sugar factory which is to be located in the Salt river valley has been ordered.

Pearl Hart, the woman bandit, will go on the stage when her term expires in 1904. A play entitled "Arizona Bandit" has been written for her by her sister.

The contract for the erection of a grand stand for the Fourth of July celebration at Bisbee has been let at \$1,270. The plans call for a seating capacity of 1,000 persons.

Several consumptives in Phoenix have undergone the Fracliek treatment for consumption. The germ-destroying fluid is injected into the veins. Good results are reported.

The Prescott Electric company is about to install new and powerful machinery, which, the Journal-Miner says, will give them the most perfect light and power plant in Arizona.

Joe Terrell and his crew of cowboys loaded two trainloads of Double Circle cattle at the Solomonville station Saturday and Sunday for the Kansas City market. About 1,200 head were shipped. The boys enjoyed the opportunity of a two days' vacation in town.—Bulletin.

Frank Shields was badly injured on the 12th, at Bonita, by his horse falling on him. His collar bone was broken and he was otherwise badly bruised up. Sam Nesbitt caught the horse and got on him when he fell again and Nesbitt was also laid up for repairs.—Bulletin.

The Blaisdell Fruit company has been shipping ripe apricots and cucumbers to the California market for the past ten days, and getting top prices—\$1 per dozen for cucumbers and equally fancy prices for the apricots. Red beans are good enough for us for awhile yet.—Yuma Sentinel.

Politics is warming up in Graham county. Arturo M. Elias, of Solomonville; H. H. Tallafiero, of Morenci, and Mitt Sims, of Clifton, are candidates for the democratic nomination for the office of recorder; James V. Parks wishes to succeed himself as sheriff, while John J. Birdno, of Safford, wants to represent Graham in the legislative council.

A part of the \$25,000 appropriated by the last legislature for enlarging and improving the territorial prison became available some time ago, and is now being utilized by Superintendent Brown, much to the betterment of conditions at the territory's penal institution. Probably the most important of these improvements is the hospital, which has been completed.—Yuma Sentinel.

W. L. May, the Clifton inventor of a new acetylene light for illuminating passenger trains and engines, has placed headlights on four of the engines of the El Paso & Southwestern railroad. The Copper Era says that Mr. May has the best and safest light yet invented for train service, and it is bound to come into general use when understood by railroad managers.

A quiet wedding took place at the Safford house last Saturday evening at 9 o'clock. Judge W. C. McFarland, of Solomonville, and Mrs. Louisa M. Riggs, of Safford, being the principals to the contract. Rev. I. G. Sigler officiating. The wedding has been kept very quiet but we have ample proof that it took place in a piece of wedding cake that mysteriously found its way to this office.—Guardian.

The Copper Era says: "A few years ago Col. Wm. Wilson, of the Gila, imported a new cereal from Germany, which he calls 'Splitz,' for short. He has given it a thorough test, and thinks it by far superior to barley, or any other grain grown. He says it will stand the dry weather, and will average from 75 to 100 bushels per acre, and further that stock will leave the best alfalfa hay to feed on its straw. Besides, that it makes the finest kind of winter pasture."

The Saturday Review has been established at Phoenix with J. J. Thompson as editor. In his salutatory the editor says: "The primary object of the editor in establishing the Review is to

keep the wolf from the door. Incidentally, we hope to be able to afford two clean collars per week and blacking for our shoes on Sunday. Any other gifts of Providence that may come our way will be acceptable, and, in return, we will try to give you your money's worth, and as much more as can be afforded at the price."

The Douglas International, voicing a sentiment repeatedly referred to by the Prospector, says: "One fruitful cause of crime is the common practice of carrying deadly weapons. Ninety-five per cent of the murders would never have taken place but for this practice. Every justice of the peace, before whom a man is brought for carrying deadly weapons, should enforce the law to the full limit and make this kind of amusement so unpleasant that no one will care to indulge in it."

The senate committee on territories is composed of the following senators: Albert J. Beveridge, of Indiana, chairman; W. B. Dillingham, Vermont; Knute Nelson, Minnesota; Thomas R. Bard, California; Matt S. Quay, Pennsylvania; H. E. Burnham, New Hampshire; John Kean, New Jersey; William B. Bate, Tennessee; Henry Heitfield, Idaho; Joseph W. Bailey, Texas; Thomas M. Patterson, Colorado. To this committee is trusted the fate of the bill which passed the house a few days ago to admit New Mexico, Arizona and Oklahoma as states.

The Tucson Citizen says: "The Manning-Ives wells, on the Allison tract, continue to attract the attention of the people of the town, and to induce visits from the curious. A new well was started today, 400 feet further up the stream, which Captain Fulton expects to 'bring in' within ten days. The new four-foot well is flowing 25 cubic feet of water per minute, or at the rate of 187½ gallons per minute. This is at the rate of 11,250 gallons an hour, or 270,000 gallons a day. This is a little over twenty 'miner's inches,' which is ample water to irrigate fifty acres of land all the year round.

The Tucson Citizen prints a dispatch from Los Angeles of an interview with Mr. Harriman, president of the Southern Pacific. Mr. Harriman says that extensive improvements will be made on the roadbed during the coming year. All of the sixty-five-pound steel will be taken up and replaced with eighty-pound steel, so the road from New Orleans to San Francisco will all be laid with heavy steel. With the improved track, the dining-cars, which are promised, and the double daily passenger service, which is also promised the people in this part of the country will think they are living in town.—Lordsburg Liberal.

There was a special meeting of the board of supervisors held last Saturday. Only two members were present—Chairman Waddill and Henry Hill. The meeting was for the purpose of ordering a re-registration of the voters of Graham county this year. The order was made that registration begin on June 1 and continue up to within twenty-one days before the November election. The registration law has been changed somewhat, so that persons whose names are now on the Great Register need not make any affidavit for re-registration, but may have their names carried forward from the old to the new register by applying personally to any registering officer in the county. Under the law, the county recorder and all justices of the peace are made registering officers.—Bulletin.

G. M. ALLISON, P. M.

Biliousness is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pain in the bowels, dizziness, coated tongue and vomiting, first of the undigested or partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbances of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by U. C. Hitchcock.

Knock-Out Drops

"I am a saloon-keeper, and used to think that rock and rye, or whiskey and quinine were proper remedies for coughs and colds. Most of my acquaintances were of the same opinion. Now I know something different. It is Acker's English Remedy for Coughs and Colds. A good while ago I began to cough and found out then that rock and rye was no good. I got worse and I was beginning to think that the trouble would run into consumption. I didn't take any stock in patent medicines, but somehow or other I tried Acker's English Remedy. One bottle did the business for me—knocked that cough out completely—and it has never come back again. There is never a day passes that I don't say a good word about this wonderful medicine. I almost forgot to say that I am stronger and healthier now, since taking the remedy, than I was before the cough began. I write this letter voluntarily and cheerfully and am glad to do it." (Signed) CHRIS. HICKER, Saloon-keeper, Payson, Idaho.

Sold at 25c, 50c, and \$1 a bottle, throughout the United States and Canada; and in England at 1s, 2s, 3s, 4s, 6d. If you cannot find it after trying, return the bottle to your druggist, and get your money back.

For Sale by H. C. Hitchcock, Globe

RULES AND TERMS.

HOUS OF SERVICE.—For the present the time of service will be 100 minutes of the 24 hours, the force taking a full holiday on the 24th of February. Office hours, from 7 a. m. till 10 p. m., after 10 p. m. the night bell will be adjusted so that urgent calls on business or sickness will be responded to by the "central" service (practically continuous, except on Sunday nights) are something unusual in small telephone systems without extra charges. We are here to serve our patrons in the best manner possible.

TERMS TO SUBSCRIBERS.—To all business houses, 50 per month; residences, within a reasonable distance of the central office, \$2.50 per month. A fee of \$1.00 is charged for placing each "phone" for the present, and until the town is thoroughly "wired" urgent messages will be delivered for subscribers within the town limits free to subscribers.
